this engaging book chronicles the carbondale terriers 1993 94 season a season in which the team progressed all the way to the state high school basketball championship game before ending the season with a one point loss although arranged chronologically the book is much more than a team diary paul e bates whose son was one of the team s starting guards brings his sensitivity and expertise as an educational psychologist to bear on team sports in general and on how they define and are defined by the players and coaches that make up the teams and by the communities in which they thrive bates frames the team s experience by sharing his own personal love of basketball beginning with his childhood years in decatur illinois when stephen decatur high school was a perennial illinois high school powerhouse through his exploration of the sport and his involvement and interest in it bates creates a book that serves both as a rousing tale of youthful achievement and as a history of high

school basketball in the state of illinois throughout his account bates repeatedly emphasizes his belief that extraordinary accomplishment is no accident but rather the result of years of preparation dedication and hard work most of the key performers on the 1993 94 terriers for example had played together on a grade school all star team that was undefeated then in junior high this group went on to win numerous championships and in high school their remarkable success continued even though their accomplishments were humbled by season ending losses but vicarious thrills leads the reader through a very personal account of both the ups and downs of championship basketball triumph does not occur without defeat and it is through defeat that the team members as well as their families and other supporters learn many important lessons as significant as the individual and team accomplishments are in making up this story the 1993 94 basketball season is more importantly a beginning rather than the defining moment in the lives of these young men as an inspiration and motivation to young people and as a spark to memories of childhood aspirations for older readers this book is a pleasure to read for individuals of all ages
